

5th October 2020

Dear Parent /Carer

Students in Year 10 will be studying a 'Work Experience' module in Half Term 2 as part of their Personal Development curriculum. The module is designed to give students the opportunity to learn about the work place and start thinking about the type of career they would like to pursue in the future.

Alongside these lessons and a whole drop-down day to prepare, we are giving the students the valuable opportunity to undertake a week of 'Work Experience' in an actual working environment during the summer term. The students will be assigned a work placement at a local company – based on the type of work they specify an interest in. They are then required to contact this company to arrange the finer details, ready for the placement to start.

The placement will begin on **Monday 5th July 2021** and will end on **Friday 9th July 2021**. As students will not be at the school during this week, they will need alternative transport provisions to ensure they arrive at their placement on time.

This is a fantastic opportunity for our students to begin to understand the transition from school to 'work' and the expectations that will be required of them. It is also a chance to impress potential employers as in the past, some of our students have been asked to return to their work placement for full-time employment after they have finished their studies.

We would appreciate your support with this exciting opportunity, ensuring your child participates in Work Experience and uses it as a positive experience. Further information will be provided during the Careers lessons and we will contact you nearer the time with the final details. In the meantime, please complete the permission slip below, stating that your child is able to take part in this.

Please note that, given the current situation with regard to COVID-19, future plans with Work Experience may change at any time. This could be at the school's discretion or employers. In the event of any changes, we will try to ensure that there is an alternative provision implemented so that your child does not miss out on this fantastic opportunity.

Consent is required, please click on the following link to complete the online consent form:
