

12 November 2019

Dear Parent/Carer

Important Information - Bikes and Scooters

As the number of students at the Garibaldi School increases we are becoming ever more concerned about the risks posed by additional bikes and scooters.

With effect from Monday 18th November, the bike storage area will not be opened until 3.10pm. Typically at 3pm all students are leaving the school site at the same time. This makes exits from the school site on to Garibaldi Road very congested and the road itself very busy. By holding bike and scooter users for 10 minutes we are reducing the risk of accidents for them, the pedestrians leaving the site, staff and members of the public.

If your son or daughter chooses to cycle or scoot to school please be mindful they will not leave the site until 3.10pm and therefore will be slightly later arriving home.

Whilst we encourage students to make active, healthy and environmentally friendly choices in terms of their travel to and from school, we welcome support from all with this health and safety measure.

In the New Year further changes will be made to further safeguard all with regard to bikes and scooters.

Yours sincerely

Phil Hunt
