

7th May 2020

Dear Parent/Carer

It has been an absolute pleasure this week to be able to recognise some of the fantastic work that has been undertaken over the last few weeks by students. The year group pages have been developed to include a "Hall of Fame" for students who have been nominated by staff for various reasons but in relation to our attitudes to learning and commitment to work.

I hope you have managed to find the time to have a look at the developments on our website, particularly the year group pages. I am keen to continually develop these pages to keep students and parents informed. We value your contributions and have used your feedback thus far to enhance our provision.

As we continue with "virtual learning", I am keen to continually explore new and creative ideas for enhancing learning and keeping students engaged. Even when this situation has passed, I feel that there is potential for how we embrace technology and the virtual world. As a result I have put together a small working group of staff to review and develop this provision further. In the future, it would be great for parents to become involved in its development also, so watch this space!

We have recently updated our management information system and have been sending letters to parents and texts where necessary through this system. It has flagged up that some email addresses may be incorrect or out of date. If you have received this letter via email, then we will assume your contact details are correct.

If you have previously received emails but are now receiving a letter through the post this is due to your email address being undeliverable, please email the school office@garibaldischool.co.uk with your preferred email address and we can change your details accordingly.

I hope that you have a restful bank holiday weekend and that the sun continues to shine.

Best wishes for now and take care.

Yours faithfully

Mr J Aldred
Head of School
