PE activities

to do before the end of term...

How does this challenge work?

The PE Department have set you the challenge of completing 30 sporting activities by the end of the term (5/7/21).

You must provide evidence for each of the activities – to do this you can provide photographs, videos, reflections, results, plans or complete a diary.

You must fill out the record sheet as you progress on through the activities.

The record sheet will be uploaded to your year group teams as well as your PE groups on teams.

When you have completed the challenge, you need to submit your record sheet via teams/email so that your teachers can check the challenge and sign off as complete.

For each student who completes the challenge you will be entered into a prize draw. You will receive a postcard home with a raffle ticket attached, you must keep this safe.

On the w/c 5/7/21 the PE Department will pick 3 tickets out of a hat at random. The winners of the tickets pulled out will receive an amazon voucher of £10!

You have got to be in it to win it!!

GOOD LUCK!

If you have any questions, please do not hesitate to get in touch with any member of the PE Department and we will support you in any way that we can.
