

Year 11 Study Period Lesson – Recommended Tasks and Activities

Subject

Computing

Version and Date

V1 1st Sept

The tasks below have been set out by your subject teachers. They're best placed to set these activities but are giving you the freedom to select which of these to focus the study period lesson time on. You could also use this list to give some direction to your own revision/preparation at home.

This list will be updated through the year so make sure you're working of the most up to date version. The PE staff who supervise your Study Period lesson may well ask you to confirm you have completed some of these tasks/activities – if they do please be prepared to show them the completed work in whatever format it was completed – written work, electronic document, online task etc.

Half Term

Task/Activity

Where to find it/what to do

HT1

CraignDave revision videos on covered topics
 Revision flash cards (if they own them) – from CGP
 Revision text book (blue or purple) – from CGP if they own it
 Seneca testing on OCR Computing
 GCSE Pod revision videos on various topics
 Python Coding – to further understanding – not to do stuff you are fully confident with. Use 3rd party sites and video to support

YouTube (they know the ones – OCR course)
 Online sources on the main.

	MS Teams based resources that will appear over time
