## REMOTE WORKING YR8 Things to consider

In these unprecedented times, working remotely has become the norm. Although you are unable to have that face to face contact with your mentor's and teachers, we would still like you to keep in regular contact. Over this half term your mentor and Achievement Lead will endeavour to make contact via phone to catch up and see how you are getting on. In the mean time, projects, learning logs, and mentor tasks will continue to be set via the website, Teams or posted out where required. The time needed to be spent on these has also been reduced to help focus learning.

Week one actions:		Week two actions:	
<b>REVIEW PROJECT TASKS</b> ; At the beginning of the week you should spend some time to review the projects for the week. At this point consider making contract to ask questions so you know what to do.	STUDENT HAND IN; Once your projects are complete don't forget to submit, or provide photo evidence to your teacher. If you cannot submit please inform staff.	<b>REVIEW PROJECT TASKS</b> ; At the beginning of the week you should spend some time to review the projects for the week.
